JERSEY BREEDERS START SOMETHING

(From the Lamoille County Farm Bureau)

The purebred Jersey breeders held a meeting at the Farm Bureau office November 23 to discuss the advisability of forming a Jersey Cattle Club. It was felt that such an organization would be a help to the men who are now breeding purebreds (about thirty of them) and would serve as an encouragement to others who are breeding Jerseys but not purebreds.

George Terrill was elected chairman of the meeting and every one present was in favor of trying to start an organization. A committee was elected to draw up a constitution and by-laws consisting of T. W. Gary and George Terrill of Morris-town and Charles Gale of Stowe.

It was planned to have a meeting the second week in January of all the purebred Jersey breeders to form a cattle club.
